Dear Marco

Shipping & Marine Insurance Scholarship 2010

I write to thank you and all your colleagues at Dabelstein & Passehl for affording me the opportunity to participate in this year's scholarship programme.

The programme was extremely well organised and comprised of a perfect balance between in-house lectures and visits to various key players within the transport industry. It was obvious that all the experts, brokers, ship owners and others whom we visited, held your firm in high regard and were more than happy to go out of their way to ensure that we were well looked after.

A special thanks to everyone at Dabelstein and Passehl who not only made themselves available to us during working hours but ensured that we were equally well entertained in the evenings.

A definite highlight of the programme was the ten year reunion party which gave us the opportunity to meet and interact with the previous scholars from around the world. The fact

that this scholarship party was so well attended is a clear indication of the success of the programme.

Finally, I am grateful for the opportunity to have made so many new friends and wish you all the best with your future scholarship programmes.

If you or any of your colleagues ever visit Durban, I would of course welcome the opportunity of returning the hospitality that I enjoyed during my stay in Hamburg.

Kindest regards

Patrick Leyden
